

Pro-Base

Professional Magnetic Antenna base

PRO-Base is a high quality magnetic antenna base designed by RF Castle Electronics Company. Compatible with not only Low Loss 100 cable (2M max.) but also Low Loss 200 cable (7M max.) Pro-base still remains the best performance even the distance increases. Pro-base is applicable to different types of connector such as N male & N / TNC / SMA female connectors for optional use. Easy and hassle-free installation. Simply attach the Pro-base to the wall or glass surface with rubber sucker or any metal surfaces to get more power and distance for your wireless network.
